**POSTDOCTORAL POSITION
BROWN UNIVERSITY
Experimental High Energy Physics - Detector R&D**

Dear Dr. Ulrich Heintz,

I am a PhD student in the last phase of my studies. I am very interested in the postdoctoral position in the CMS at Brown University. My current research is in high energy physics with the CMS experiment. It would be a tremendous opportunity to continue research in your group.

Please, consider my application for the post-doctoral position.

The recommendation letters from the following referees will follow to highlight my contributions to the different areas of the CMS:

- **Dr. Tim Bolton** - Physics analysis
- **Dr. Danek Kotlinski** - The CMS detector experience
- **Dr. Kaori Maeshima** - The CMS software development and online monitoring

I look forward to hearing from you. Please, feel free to contact me if you need any additional information.

Sincerely,

Irakli Chakaberia
