**Postdoctoral Research Associate - Experimental Particle Physics// Job Code: P-EPP1// Department: Particle Physics Division (PPD)**

Dear Dr. David Christian,

I am a PhD student in the last phase of my studies. I am very interested in postdoctoral research associate position in experimental particle physics at Fermilab. My current research is in high energy physics with CMS experiment. It would be a tremendous opportunity to continue research in particle physics at Fermilab.

Please consider my application for the post-doctoral position. Below is the list of referees you are welcome to contact for recommendations:

- **Dr. Tim Bolton**

Professor, Principle Investigator  
Kansas State University

Address: 43A C ardwell Hall
